## B CARE FUL

Don't make any mistake about that new dress. Don't buy too soon. In order to test the market, manufacturers put out sample lines of fabrics. Out of thousands of patterns and colorings but few succeed in capturing the popular favor. Those which do, become the rage, the others go to the wall. Acting on the teachings of past experience we waited to see "which way the cat would jump," so as not to put good money in bad styles. On all we show today Fashion has set her seal of favor; these are "all the go."

### THE NEWEST AND BEST

Suits are priced \$12.50 to \$30.

White and Blue Serge Dresses \$10 to \$17.50.

Pinehot says Colonel Roosevelt is a modern Brutus. Brutus, you remember, was a Roman gentleman who stabbed his friend in the back. —Houston Post.

At the recent meeting of the Republican State Committee of Ohio, the following resolutions were adopted forming the renomination of President Taft, "Ohio's favored son,"

Ohio For Her Favorite and the seventh President. —Houster Post.

Resolved, That we heartily approve and endorse the splendid administration of President Taft. He has been true to the people, faithful to the principles of the Republican party, courageous and impartial in the enforcement of law, wise and patriotic in the administration of affairs at home and abroad.

We proudly proclaim our allegiance to the Republican party, standing on its principles, and heartily and without reserve or qualification pledge our earnest, continuous and enthusiastic support for the renomination and re-election of Ohio's great son, William Howard Taft.

Dr. Newell Dwight Hillis has an article in Good Housekeeping on "The Dangerous Age in Man." He says it is the middle age. By that time the ideals, dreams and aspirations of youth have left him, and he has surrendered himself to the pursuit

of material things, to making money, and laying up treasure. The radiant years of youth have settled down to a humdrum life.

The sorry feature of this predicament, says the Ohio State Journal, is that the man gained a lot of moral infirmities when he gave up his dreams and ideals. His ambitions become tainted by materialism. He is apt to scoff at higher things since he has begun to think there are no higher things than business and property. Wild oats grow quite as abundantly in middle age as in youth. Materialism, impurity and lack of faith usually go hand in hand in the same individual life.

As Dr. Hillis remarks, speaking of youth: "So long as this hunger for something better further on is a passion and the days are full of zest, so long manhood is safe, and the life waxes strongly. But when the ideals are dimmed, when their outlines lose clearness, then perils draw near," and that is the period of middle age.

Foolish Philosophy.

Don't let your smile become a joke; many believe that is what started the present revolt against Mr. Taft.

You can usually tell where you are welcome, and get out when you are not.

It has always seemed to me that the last item in the list of wrongs of women is that they are not permitted to vote.

# HAPPENINGS IN THE CITIES

## Irate Father Fails to Thwart Cupid

PITTSBURGH.—An irate father's sensational chase of nearly 150 miles in an automobile in his efforts to intercept his eloping daughter and her fiancé, came to an abrupt end at 9:40 o'clock the other night when the big iron gates at Union station were banged in the face of C. Bilby Merckles, a retired coal operator of Cameron, W. Va. Merckles' daughter, Miss Anna Regine Merckles, aged twenty-one, a recent graduate of an eastern school, and Calvin A. Roecker, aged twenty-seven, a bond salesman of New York city, eluded the aged Merckles and boarded the New York Night Express just about to start.

## Bride's Tears Win Officers' Hearts

PORTLAND, ORE.—A bride's tears softened the grim hearts of Detectives Litherland and Van Overn when the officers went to arrest M. D. Anderson, twenty-two years old, on a charge of decamping from a hotel without first settling his bill. Mrs. Anderson, a comely girl-wife of nineteen, declared when the officers came to arrest her husband, that she could not endure it to be separated from him, and asked if she might be locked up, too.

## Gets Hunter's License to Slay Men

CHICAGO.—Obsessed with a desire for revenge, but imbued with a spirit of refrain from breaking the law, Joseph Tesso, a Chicago Italian, armed himself with an Illinois hunting license before he started the other day to Hammond, Ind., to carve up three of his fellow countrymen with a razor in a vendetta of long standing.

## What Blue Chalk Mark on Trunk Means

INDIANAPOLIS.—If you are a traveling salesman and you ever find a short, straight blue chalk mark on the end of your sample case you will know that you are looked upon by men who handle your baggage as a cheap-skate—a man who "won't come through."

The head porter of a local hotel one day recently carefully picked his way through a confusion of commercial trunks in the baggage room. The porter gave them all a keen glance and finally found the one he wanted. Drawing a stubby piece of blue chalk from his pocket he scratched it across the end of the piece of baggage, making a straight mark three inches in length.

Pittsburg by the first train and arranged to get married here, but, owing to the fact that Miss Merckle is a Catholic and Roecker a Protestant, they could not find a priest who would marry them without a letter from Miss Merckles' pastor.

The elder Merckles, missing his daughter, learned she had left for Wheeling. "No train for two hours," was the discouraging words of the station agent at Cameron when the excited Merckles asked him how soon he could get a train. Engaging an automobile he covered the distance between Cameron and Wheeling, 74 miles, in record time.

Arriving there he found that the couple had left only an hour before for Pittsburg. In his effort to head them off, the father drove the distance from Pittsburg, 66 miles. He traced the elopers to a hotel and learned that they were to leave for New York at 9:40. He went to Union station and found they had purchased tickets and had engaged staterooms on the New York night express.

Merckles took up his position at the gates. He was standing there looking at the New York night express, when suddenly Roecker and his intended bride shot past him. Before he could recover himself the gates were slammed. Finally he got out to the platform—but too late—the train carrying the elopers was moving out of the station.

When they attempted the same method of escape from the Rowland hotel they were caught.

According to their story, told to Detectives Litherland and Van Overn after they had been arrested, they eloped from San Francisco and were married at Santa Cruz, Cal., a month ago. Then they started to Portland. Arriving here, Anderson was unable to secure work.

When a bill of \$25 for rooms had been run up at the Yody apartments, they took the midnight method of escape. The manager swore out a warrant for their arrest, but they were not captured.

Hearing that they were intending the sheet method of escape from the Rowland, the proprietor telephoned to detective headquarters, and Detectives Litherland and Van Overn, recognizing Anderson, who was registered under another name, arrested him on suspicion.

right," and thinking that the razor merely comprised the man's effects the license was issued when the required amount was paid.

Armed with his license and his razor Tesso cut such a swath among his compatriots employed in the New York Central yards at Hammond that a riot call was turned in. When the tumult subsided three Italians were so severely carved that they had to be rushed to a hospital. Tesso, clutching his razor in one hand and the license in the other, was arrested.

When arraigned before Judge Prent Tesso proudly produced his license with a smile. "I gotta da right to keel evary one in Indiana," he explained. "I gotta whatcha call da license."

The judge smiled and the attaches and spectators laughed, but the Italian was so persistent in his plea that he had been told that a hunting license obtained in Illinois would give him the right to kill anybody he wished in Indiana that the charge was changed to assault and a small fine imposed.

hotel that can be of more convenience to a drummer than the head porter—the man who has charge of the baggage. That chalk mark simply will indicate to the next porter who comes across that trunk that the man who owns it is cheap, that he won't come through with the tip. If he tips the next fellow the mark will be rubbed off. If he don't the mark will be made a little longer. Very few traveling men fail to come through with a liberal tip, but occasionally we find one with a marble heart and we don't forget him. Mind you we don't neglect the baggage of the man who don't tip, but we just forget to do a lot of little things that we might throw in extra."

There is more Calath in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Calath to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Advice About Stomach Troubles and How to Relieve Them

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent. of all the ills of the human body have their origin in a disordered stomach.  
My experience with Rexall Dyspepsia Tablets leads me to believe them to be among the most dependable remedies known for relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of my sincere faith in Rexall Dyspepsia Tablets, I ask you to try them at my risk. If they do not give you entire satisfaction, I will return you the money you paid me for them, without question or formality. They come in three sizes, 25c, 50c and \$1. Remember, you can obtain them only at my store—The Rexall Store. Thos. J. Chenoweth, corner Second and Sutton streets.

Property of Historical Society to Remain in New Capitol

Frankfort News-Journal.  
It has been definitely settled that the Kentucky State Historical Society will detain its present quarters in the new Capitol instead of being moved to the old Capitol and a sigh of relief went up from the members of the Society, who insist that the new Capitol is the proper place for their collection of valuable historical relics.

When it was proposed to move the Historic Society to the old Capitol there was a storm of protest and the members of the Capitol Commission had a lively time listening to arguments in favor of the Society keeping its present room.  
The Society won largely through the Governor, who took the position that the society should be allowed to keep its quarters.

Letters have also been sent to Pitcher Hauser and Shortstop Herrell of last year's team, and it is likely that they, too, will again be in the Paris list.

Will Remain the Home Office of the Audubon Company—Branch at Maysville

At the regular monthly meeting of the Board of Directors of the Audubon Mineral Water Co., of Dover, Ky., held in this city yesterday, it was decided to retain the home office of the company at Dover and open a branch office in Maysville, Secretary Charles E. Curran to be in charge here.

The main office will be in the Dover Bank Building at Dover.

The office in this city to be the clearing house and principal distributing center for the water, at least temporarily, and until other matters of the home plant are completed and telephone, etc., installed.

The assets of the company are now actually worth double the mortgage debt, while the farm of 177 acres is rented to several tenants on a paying basis.

The plant has only been in operation a few weeks, yet during that time \$700 worth of water has been marketed, hundreds of gallons being sold as far away as Birmingham, Ala., Jacksonville and Pensacola, Fla., and New Orleans, La.

The outlook is very encouraging for the water and wealthy men are already discussing the proposition of building a hotel and sanitarium near the well.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

## HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal and sold by druggists for the past forty years under the name of Dr. Pierce's Golden Medical Discovery, gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption by the blood of the food it requires. It eradicates the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease.

Dr. Pierce, founder of the Invalids' Hotel at Buffalo, N.Y., has received many letters similar to the following: "I take great pleasure in writing you regarding my case and its cure. In September I was taken with Typhoid Fever, which put me in a dreadful condition. I was weak, run down, nervous and very much distressed. I had tried nearly everything I could get but nothing did me any good until, at last, I was advised to try Dr. Pierce's Golden Medical Discovery. I bought a bottle, and when I had used it I found it was a great improvement and when I had used it two months, using only a few vials, I found myself perfectly healthy. I cannot find words to express my thankfulness for this wonderful medicine. I advise all afflicted to write to Dr. J. C. Pierce, as he cures what others fail."

## MAYSVILLE LOOSE LEAF TOBACCO MARKET

The Farmers warehouse sold 182,390 pounds of leaf at prices ranging from \$2 to \$29.50 per hundred.

On account of the offerings being of an inferior grade and generally in rather poor condition, a great per cent of the tobacco being in too high case, the average was not as high as usual.

The Independent bona sold 149,825 pounds at from \$2 to \$22 per hundred.

It has been the general impression each week that the rush was over, but every Monday morning has found the same congested condition with wagons lining all the streets contiguous to the warehouses.

When the rush will be over no one seems to know, but certainly the end is not yet.

First sale at the Planters this morning.

## FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well. I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years. Your druggist sells it. Please try it.

## The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation. Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much more a trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping. The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like A. B. Tigert, Oaklawn Farm, Newbern, Tenn., and Mrs. Lizzie S. Brown, Paris, Ky., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family. Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.
